World-renowned, critically acclaimed Lucent Dossier Experience is a live performance experience birthed in the heart of the LA underground art and music scene. From their explosive beginnings to performing, touring and/or sharing the stage with icons such as the Black Eyed Peas, Motley Crue, Panic! at the Disco, The Flaming Lips, Cindy Lauper, David Guetta, The Crystal Method, Christina Aguilera and more...

Lucent Dossier Experience is recognized as the pioneers of an artistic revolution sweeping the globe. Their unique fashion and their wild, completely innovative style of performance can be seen woven in the hip cultural landscape that is now enchanting the mainstream of America and the world.

Lucent Dossier's spellbinding performances, Haute Couture costuming, and avant garde concepts have won them recurring praise for their shows at Coachella (7 consecutive years), the Grammy Celebration (3 years), Electric Picnic Festival in Ireland (5 years). Their year long, SOLD OUT weekly residency in LA brought them an almost cult like following with fans lining up around the block to experience the ground breaking event. Superstars such as Johnny Depp, Scarlett Johansson, Ringo Starr, Lindsay Lohan, Calvin Klein, Paris Hilton, Jessica Biel and more arrived on a weekly basis. They have been featured on networks including BRAVO, VH1, MTV, Telemundo, on shows such as Top Chef, The Kardashians, Paris Hilton's My New BFF, SCREAM Awards and more and have been hired by Warner Brothers and Universal Studios, Hollywood. They have brought private party birthday magic performing for and/or with Dr. Dre, Scooter Braun, Nikki Sixx, Wes Claypool, Joe Walsh, Elon Musk and more. They have been photographed by Steven Meisel for VOGUE and praised in SPIN, KERRANG!, Washington Post, NBC News, Los Angeles Times, The Huffington Post and more. They have recently done a series of SOLD OUT headlining events at the oldest surviving Orpheum theatre in America and newly renovated Palace Theatre on Broadway Downtown Los Angeles.

They have captured the hearts and minds of thousands worldwide over the past 7 years, playing consistently to packed and sold out, loyal crowds who come dressed in their Lucent finest. They are preparing for their unique, inter-active, multi-media traveling dome show the Forbidden Om that will launch in Los Angeles Spring 2013.
